A NOTE FOR GROWN-UPS

Little pages, big imagination.

This book contains 30 original Japan-inspired scenes, with a blank reverse side after every coloring page.

For best results, place a sheet behind the page when using markers. Crayons and colored pencils work well.

AI-created illustrations

Some artwork in this book was created with AI tools and reviewed and assembled for this coloring-book edition.

This is an independent original work and is not affiliated with any Japanese organization.
